Union School District #5 does not discriminate on the basis of race, religion, color, national origin, disability, marital or parental status, or sex in providing education or access to benefits of education services, activities, and programs in accordance with Title VI of the Civil Rights Act of 1964 as amended; Title IX of the educational Amendments of 1972; Section 504 of the Rehabilitation Act of 1973, as amended; and Title II of the Americans with Disabilities Act.

The district will provide reasonable accommodations for the known disabilities of all applicants for positions and current employees upon request and with appropriate advance notice.

Further, no student will, on the basis of gender, be excluded from participating in, denied the benefits of, or subject to discrimination under any educational program or activity conducted by the district.

The following have been designated to coordinate compliance with these legal requirements and may be contacted at the district office for additional information and/or compliance issues:

Carter L. Wells, Superintendent

** As used in this student handbook, the term parent includes legal guardian or person in a parental relationship. The status and duties of a legal guardian are defined in ORS 126.003 – 126.095. The determination of whether an individual is acting in a parental relationship, for purposes of determining residency, depends on the evaluation of the factors listed in policy GBHA – Parental/Family Relationship. The determination for other purposes depends on evaluation of those factors and a power of attorney executed pursuant to ORS 126.030.

ACKNOWLEDGEMENT: STUDENT CONDUCT, STUDENT RECORDS, DIRECTORY INFORMATION, and PERSONAL IDENTIFIABLE INFORMATION

Parents and students must acknowledge receipt of the Student Code of Conduct and the consequences to students who violate district disciplinary policies. Parents must also give their signed and dated written permission for the district to release personal identifiable information.

I understand and consent to the responsibilities outlined in the Student Code of Conduct. I also understand and agree that my student shall be held accountable for the behavior and consequences outlined in the Student Code of Conduct at school during the regular school day, at any school-related activity regardless of time or location, and while being transported on district provided transportation. I understand that should my student violate the Student Code of Conduct he/she shall be subject to disciplinary action, up to and including expulsion from school and/or referral to law enforcement officials, for violations of the law.

Regarding student education records, I understand that certain personal identifiable information about my student is considered directory information and is generally not considered harmful or an invasion of privacy if released to the public. Directory information includes, but is not limited to the student’s name, address, telephone listing, photograph, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received and the most recent previous educational agency or institution attended. I have marked through those types of directory information listed above that I wish the district to withhold.

I understand that unless I object to the release of any or all of this information within fifteen (15) schools days of the date this student handbook was issued to my student, directory information may be released by the district for use in local school publications, other media, and for such purposed as deemed appropriate by the principal.

I also understand that certain student information is considered personal identifiable information and may be released only with prior notification by the district for the purpose(s) the information will be used, to whom it will be released, and my prior written, dated and signed consent unless otherwise permitted by law.

PREFACE

The material covered within the Student Handbook is intended as a method of communicating to students and parents regarding general district information, rules, and procedures. It is not intended to either enlarge or diminish any Board policy, administrative regulation, or negotiated agreement. Material contained herein may therefore be superseded by such Board policy, administrative regulation or negotiated agreement.

Any information contained in this student handbook is subject to unilateral revision or elimination from time to time without notice.

No information in this document shall be viewed as an offer, expressed or implied or as a guarantee of any employment of any duration.

ADMISSION

A student seeking enrollment in the district for the first time must meet all academic, age, immunization, tuition and other eligibility prerequisites for admission as set forth in state law, Board policy and administrative regulations. Students and their parents should contact the office for admission requirements.

The Union School District Board reserves the right to accept/reject non-resident students based upon the availability of space, resources, personnel, appropriate programs, and a positive review of both educational and behavioral records.

The district may deny regular school admission to a student who is expelled from another school district and who subsequently becomes a resident of the district or who applies for admission to the district as a non-resident student.

The district shall deny regular school admission to a student who is expelled from another school district for an offense that constitutes a violation of applicable state or federal weapons law and who subsequently becomes a resident of the district or who applies for admission to the district as a non-resident student.

Alternative educational services may, or may not be provided to students expelled from another school district for violation of applicable state or federal weapons law and who subsequently becomes a resident of the district.

ALTERNATIVE EDUCATION PROGRAMS

The board is dedicated to keeping all students enrolled in the regular educational program. It is recognized, however, that there will be students in the district who may benefit educationally in the alternative program.

At least two alternative education programs have been established and approved by the district to meet the individual needs of students. Such programs consist of instruction or instruction combined with counseling and may be public or private. Private programs must be registered with the Oregon State Department of Education. Home schooling shall not be used as an alternative education program placement.

The district may provide alternative education programs for students expelled for violation of applicable state or federal weapons law.

IN-DISTRICT ALTERNATIVE EDUCATION PROGRAMS

1. Evening classes;
2. Tutorial instruction;
3. Small group instruction;
4. Professional technical programs;
5. Work experience;
6. Instructional activities provided by other accredited institutions;
7. Community service;
8. Independent study;
9. Others as approved by the district.

Parents may request additional in-district alternative education programs by submitting written requests to the principal.

NON-DISTRICT ALTERNATIVE EDUCATION PROGRAMS

1. Other School(s)/program(s);
2. Community College;
3. Others as approved by the district.

The district pays the alternative education cost or an amount equal to 80% of the district's estimated current year's average per student cost, whichever is less, for placing students in non-district alternative education programs. The student's placement must have the prior approval of the district.

The district will not assume alternative education costs for any student not placed in an alternative program according to procedures established by the district and Oregon law.

If a parent receives an exemption on a semi-annual basis to withdraw a student age 16 or 17 from school, the district has no obligation to pay for an alternative program.

If a student is not successful in the alternative education program, there is no obligation to propose or fund a second program.

ALTERNATIVE EDUCATION NOTIFICATION

Individual notification to students and parents regarding the availability of alternative education programs will be provided under the following situations:

1. When two or more severe disciplinary problems occur within a three-year period (Severe disciplinary problems will be defined in student code of conduct section)
2. When attendance is so erratic the student is not benefiting from the educational program (Erratic attendance will be defined on a case-by-case basis);
3. When an expulsion is being considered;
4. When a student is expelled;
5. When a student's parent or emancipated student applies for exemption from attendance on a semi-annual basis.

Individual notification shall be hand-delivered or sent by certified mail. Parents shall receive individual notification prior to an actual expulsion.

Notification shall include:

1. The student's action;
2. A list of alternative education programs for the student;
3. The program recommendation based upon the student's learning styles and needs;
4. Procedures for enrolling the student in the recommended program.

The district MAY provide alternative education programs for students expelled for violations of applicable state or federal weapons laws.

ASBESTOS

Through its comprehensive safety program, the district will attempt to prevent accidents by assuring a safe working and learning environment. Also, through routine inspection of all facilities, materials and equipment, as well as through staff training, all hazardous or potentially hazardous conditions will be identified, reported and corrected.

The district has complied with the Asbestos Hazard Emergency Response Act (AHERA) by having their building inspected by accredited inspectors and the development of a management plan for the control of this substance.

The management plan is available for public inspection in the district office.

The superintendent serves as the district's asbestos program manager and may be reached for additional information.

ASSEMBLIES

A student's conduct in assemblies must meet the same standard as in the classroom. A student who does not abide by the district's Student Code of Conduct during an assembly shall be subject to disciplinary action.

ATTENDANCE

All students between the ages of 7 and 18, who have not completed grade 12, are required to attend school unless otherwise exempted by law. School staff will monitor and report violations of the state compulsory attendance law.

“Missing Children Act”: House Bill 358 enacted by the 1985 legislature became effective October 1, 1985. It is called the “Missing Children’s Bill”. This law states that parents should take the responsibility to inform the school when their children will not be in attendance at school. The school must make an attempt to contact the parent/guardian or legal custodian to make sure they are aware of the student’s absence from school. Documentation will be kept of the contact or attempted contacts.

Any parent who fails to send a student to school within three (3) days of notification, by the school district, that their student is not complying with compulsory attendance requirements, may be issued a citation by the district for the student’s failure to attend school. Violation is a Class C violation of law and is punishable by a court imposed fine up to \$150, as provided by ORS 339.925.

The district will notify the parent in writing that, in accordance with the law, the superintendent will schedule a conference with the non-attending student and his/her parent(s) to discuss attendance requirements. The written notice will include the following:

1. The superintendent, or the designee, has the authority to enforce the provisions of the compulsory attendance laws;
2. Failure to send a student to school is a class C violation;
3. A citation may be issued by the district in the amount of a \$150 fine;
4. A conference with the parent and student is required.

The written notification will be in the native language of the parent.

Additionally, a parent or guardian, or other person lawfully charged with the care or custody of a student under 15 years of age, may be found by the courts to have committed the offense of failing to supervise a child who has failed to attend school as required.

Violations, as determined by the court, may be punishable by a requirement to complete a parent effectiveness program approved by the court and/or a fine of not more than \$600.

Students who fail to maintain regular enrollment in school may have either their driving privileges suspended or the right to apply for driving privileges suspended.

ABSENCES AND EXCUSES

When returning to school after an absence, a student must bring a note signed by the parent that describes the reason for the absence or the office must receive notification from the parents by phone or visit to the office. Absence from school or class will be excused under the following circumstances:

1. Illness of the student;
2. Illness of an immediate family member when the student's presence at home is necessary;
3. Emergency situations that require the student's absence;
4. Field trips and school-approved activities;
5. Medical or dental appointments. Confirmation of appointments may be required;
6. Other reasons deemed appropriate by the school administrator when satisfactory arrangements have been made in advance of the absence.

All other absences are **unexcused**.

Students may be excused on a limited basis from a preplanned classroom activity or from selected portions of the established curriculum on the basis of a disability or for personal, religious, or ethnic considerations.

Any student who leaves school during the day, must bring a note from his/her parent or the office must receive notification from the parents by phone or visit to the office. A student who becomes ill during the school day should, with the teacher's permission, report to the school office. The office will decide whether or not the student should be sent home and will notify the student's parent as appropriate. **When a student is to leave school during the school day, they must sign out at the office or the absence will be deemed unexcused.**

A student who has been absent for any reason is recommended to make up specific assignments missed and/or to complete additional in-depth study assigned by the teacher to meet subject or course requirements. Parents should contact the office to arrange for the collection of homework assignments for a student who will be absent several days. **Failure to make up assigned work within a reasonable amount of time as allowed by the teacher will result in a grade of zero for the assignments.** Absenteeism will not be used as a sole criterion for the reduction of grades.

EXEMPLARY ATTENDANCE

Students who miss no more than two (2) class periods per class in a semester **may** be given a bonus of two (2) percentage points added to their semester numerical grade total.

Students who miss zero (0) class periods per class in a current semester **may** have a bonus of three (3) total percentage point(s) added to their semester numerical grade total.

EXEMPTION FROM COMPULSORY ATTENDANCE

The school may grant an exemption from compulsory attendance to the parent of a student who is 16 or 17 years of age or an emancipated minor provided the student is:

1. Employed full-time;
2. Employed part-time and enrolled in school part-time;
3. Enrolled in college level course work not offered at Union High School or other state-registered alternative education program.

All such requests must be submitted in writing to the principal and include documentation of the student's employment by the employer, or enrollment status by the school. The school requires notification should the student's employment or enrollment status be terminated.

Requests will be considered only following a conference with the student and parent, or emancipated student and a review of credits earned for graduation, grades, disability, if applicable, standardized assessment results, teacher evaluations, counselor appraisal, immediate plans, short-range and career goals and any other pertinent information.

Approved exemptions will be in writing and include information on alternative education programs of instruction or instruction combined with counseling that may be available.

Exemptions will be granted for a limited time only. They must be renewed on a semi-annual basis and will be reviewed by the school no later than the second week of each semester.

Parents will be notified of the need to reapply for an exemption no later than the second week of each semester or return the student to school until a high school diploma or GED is earned or until the student reaches age 18.

TRUANCY

A student who is absent from school or from any class without permission will be considered truant and will be subject to disciplinary action including detention, suspension, expulsion, ineligibility to participate in athletics or other activities, and/or loss of driving privileges.

IRREGULAR ATTENDANCE

Irregular attendance is defined as attendance that is so **erratic** that the student is not succeeding academically and will be determined on a case by case basis. Parents will be notified quarterly when their child misses 5 days/class periods by written letter. At ten (10) days/class periods missed, a second letter will sent home requesting a conference will be held with the student, his/her parent/guardian and the Union High School attendance committee. At this time, the parent/guardian has the right to give written documentation of why the student has been absent. If the parent/guardian cannot show written documentation of why their child was absent ten or more days, the student may be denied credit for the class(es) missed. Written documentation may include, but not limited to: doctor appointment forms, dentist appointment forms, court appearances, death in the immediate family, and other absences that can be verified. School related absences do not count towards the ten (10) day missed

COLLEGE/VO-TECH/MILITARY/SCHOLARSHIP VISITATIONS

Juniors and seniors will be allowed to attend such College/Vo-Tech/Military/Scholarship visitation programs. This must be pre-arranged in the High School office before the visitation.

1. The purpose of such visitation days is to acquaint prospective students with campus life and provide opportunity to compete for scholarships.
2. Students are responsible for paying their own expenses when attending college visitation days.
3. Seniors will be allowed two days to visit colleges/vo-tech/military, which will not count toward the 2-day exemplary attendance policy.

CELL PHONE/MUSIC PLAYER POLICY

Due to the increased disruptions in class caused by cell phones/Music Players, the following policy will now be followed concerning cell phone use by students.

1. Cell phones/Music Players are to remain off during class time.
2. Cell phones/Music Players are to be out of sight during class time.
3. Cell phones/Music Players are to remain off and out of sight in the Cafeteria.
4. Cell phones/Music Players may be used before and after school.
5. Cell phones/Music Players may be used in class ONLY with specific permission from the teacher.

CONSEQUENCES

Each time a student violates the above rules; it will be considered an “office referral” and subject to additional punishment under the policy established in the “Office Referral Policy” in the High School Handbook.

First Offense – The first time a student violated the policy; the cell phone/music player will be taken from the student and given to the office. The student may retrieve the cell phone/music player from the office at the end of the day.

Second Offense – The second time a student’s phone/music player is sent to the office, regardless of who sent it to the office, the student’s parents will be contacted and phone/music player released only to the student’s parents.

Third Offense – The third time a student’s phone/music player is sent to the office, regardless of who sent it, the student’s parents will be called. The phone/music player will only be released to the parents, and the student will be banned from having a cell phone/music player at school, during the school day for the remainder of the school year.

Fourth Offense – In the event the student violates the cell phone/music player policy and/or consequences for a fourth time, the student will be suspended. The duration for the suspension will be based on “The office referral policy” in the high school handbook, and will be dependent upon other behavior problems and/or office referrals.

CLUBS AND ORGANIZATIONS

Union School District #5 supports the concept of broad-based educational activities, which are designed to provide all students with the opportunity to fully explore their individual talents and abilities. These opportunities extend beyond the scope of normal classroom activities and may be taken advantage of on a volunteer basis by the students.

Student clubs and performing groups such as band, choir, rally, dance, and athletic teams may establish rules of conduct – and consequences for misconduct – that are stricter than those for students in general. If a violation is also a violation of the Student Code of Conduct, the consequences will be specified by the organization.

COMMUNICABLE DISEASES

Parents of a student with a communicable or contagious disease are asked to telephone the principal so that other students who have been exposed to the disease can be alerted. A student with certain diseases is not allowed to come to school while the disease is contagious. The written statement of the local health officer or a licensed physician that the disease is no longer communicable to others in the school setting removes this restriction. For those diseases indicated by an asterisk (*) below, the restriction may be removed by a school nurse. For head lice, indicated by a double asterisk (**) below, the restriction may be removed after the parent provides a signed statement that a recognized treatment has been initiated. These diseases include chicken pox*, diphtheria, measles, meningitis, mumps*, lice infestation**, whooping cough, plague, rubella, scabies*, staph infections*, strep infections*, strep infections* and tuberculosis. Parents with questions should contact the school office.

A student may appeal district decisions regarding driving privileges under established due process procedures for suspensions and expulsions.

OFFICE REFERRAL POLICY

When students are sent to the office on referral, they are to talk to an administrator before returning to any class. Failure to report to the administrator will result in an unexcused absence. The following steps will be applied to students referred to the principal's office. First Offense—Discussion of the violation with the principal. A Behavior log is completed by the staff member or the administration. A copy of the Referral/Behavior log may be sent home and filed in the student's file.

Lockers are school district property and as such are to be maintained by the student in good repair and free from vandalism or other misuse. Students are encouraged to use backpacks or book bags for transporting books and supplies to and from school, however due to the limited space provided in some of our classrooms students are asked not to transport books and supplies to and from classrooms with backpacks or book bags but rather transport only the necessary supplies to the classroom leaving the backpacks or book bags locked in their own personal locker.

Other school district property would include books, calculators, science equipment, vocational tools, and musical instruments, uniforms and other equipment checked out to the student for use in connection with the educational program. The student is responsible to guard against loss, theft, or damage to the district property in his/her care. The Teacher shall exercise the option to direct the student to redo the work in a specified time with or without grade penalty, or to disqualify the assignment and register a "zero" for a grade. The student may also be subject to the office referral policy.

CONFERENCES/ OPEN HOUSE

Regular conferences are scheduled annually in the fall and spring to review student progress. For the **2018-19** school year, conferences are scheduled as follows:

October 31, 2018	11:00AM until 7:00 PM
November 1, 2018	8:00AM until 4:00 PM
April 3, 2019	11:00AM until 7:00 PM
April 4, 2019	8:00AM until 4:00 PM

Students and parents may also expect teachers to request a conference 1) if the student is not maintaining passing grades or achieving the expected level of performance, 2) if the student is not maintaining behavior expectations or 3) in any other case the teacher considers necessary.

The district encourages a student or parent in need of additional information or with questions or concerns to confer with the appropriate teacher, counselor or principal. A parent who wishes to confer with a teacher may call the office for an appointment before or after school, during the teacher's preparation period or request that the teacher calls the parent to arrange a mutually convenient time.

OPEN HOUSE September 4, 2018 6:00 PM until 7:00 PM

This is a great opportunity for parents to meet the staff and ask questions regarding their student or the material that will be covered in the classroom.

GRADING PERIODS AND GRADING SCALE

Each school year will consist of two 18 week semester grading periods. These semester grades will be recorded on the students' transcript following the fall and spring semesters. At the end of each semester period the students and parents will receive written notification of the students' academic standing. At the end of the first and third nine week period a student progress report card will be mailed to the students parents or guardian to inform parents of mid semester status.

Grading Periods

End of First Quarter (First nine week period) = Progress Report

End of the First Semester (Second nine week period) = Report Card

End of the Third Quarter (Third nine week period) = Progress Report

ADVANCED PLACEMENT/ COLLEGE LEVEL COURSE WORK

Students choosing to complete AP and College Level classes will be graded on a 5-point scale. A=5 points, B=4 points, C=3 points, D=2 points, F=0 points. This will be figured into the students GPA using the grading scale shown in the previous section by adding 1.0 value to each GPA score. Only College level classes that are taught on the Union High School campus will be used for Oregon Graduation requirements in their subject area. For example:

English 104= 1 English credit Math 111/112 = 1 Math credit
 WR 121 & 122 = 1 English credit
 English II/OIT Speech = 0.5 English credit
 OIT Chemistry and Lab = 1 Science credit

* All other College level classes will be considered elective credits not subject area credits.

GRADUATION REQUIREMENTS

Students earning a diploma from Union High School must meet stringent graduation requirements as detailed in the table below. Additional work in areas may be required for students seeking freshman admission to any of the Oregon University System schools. The district accepts credits earned by students in accredited private and public schools and grants appropriate equivalent credit to district graduation requirements.

Incoming junior and senior students may petition the building administrator to waive or challenge by examination district or state required classes, which were not taken in freshman and sophomore years.

COURSE REQUIREMENTS – JUNIOR HIGH

In order to be promoted to the freshman year, junior high students must be able to demonstrate proficiency that will insure their success in high school courses. If these are unacceptable performance and a recommendation for retention is made, parents will be consulted. If parents wish to override the professional recommendation of the faculty, the parent will sign a WAIVER OF EDUCATION LIABILITY. Promotion will be based upon successful completion of the following courses:

Seventh Grade

English – Math – History
 Science – PE/Health
 Art-Music

Eighth Grade

English – Math – U.S. History
 Science – PE/Health
 Agriculture – Art - Music

ALTERNATIVE CLASSES

Students who choose to take a required course other than at Union High School will not be eligible to receive a UHS diploma.

Students who fail a required course and cannot complete it at UHS due to scheduling conflicts will be exempt from this requirement.

Each case will be reviewed on a case to case situation.

To continue taking alternative education courses a student must be making progress towards graduation. If no progress is being made, Union School District may not finance the student's alternative education.

CHANGING CLASSES IN MID-TERM

All class changes must be accomplished through, and with the permission of, the counselor (with parent notification). After the **first** week of a new grading **semester**, students may only change classes after receiving permission from their parents, the counselor and teachers involved. All changes will be recorded in the counseling office before any change is official. A valid educational reason must exist prior to any such change. **If a student drops a class after the first week of the new semester, the student may receive a grade of "F" for the class dropped.**

GRADUATION CEREMONY – ELIGIBILITY

Passing grades and UHS/State diploma requirements must be completed by mid-term fourth quarter of the senior year in order to be invited to participate in the graduation ceremony. All transfer grades must likewise be documented on the students transcript at UHS by mid-term fourth quarter (make-up credits, etc.). The school will not be held liable for graduation expenses (announcements, etc.) should the senior not meet this eligibility standard.

ACADEMIC COUNSELING

Students are encouraged to talk with a district counselor, teachers and building administrators in order to learn about the curriculum, course offering and graduation requirements. All students in grades 7-12 and their parents shall be notified annually about the recommended courses for students. Students, who are interested in attending a college, university or training school or pursuing some other advanced education, should work closely with their counselor so that they may take the courses that will best prepare them for further work. The counselor can also provide information about entrance examinations required by many colleges and universities, as well as information about financial aid and housing.

PERSONAL COUNSELING

A counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional, academic, drug, and alcohol or tobacco dependency. The counselor may also make available information about community resources to address personal concerns.

Counselors coordinate the school guidance program and involve all staff members in designing and implementing plans to meet three major goals:

1. Educational Development;
2. Personal/Social Development
3. Career Development

Consistent with individual rights and the counselor's obligations as a professional, the counseling relationship and resulting information is, in most instances, protected as privileged communications by Oregon law.

CREDIT BY EXAMINATION

Any student, who has had sufficient prior formal instruction, as determined by the district and on the basis of a review of the student's educational records, may gain credit for a course by passing an examination based on the common curriculum goals of the course. A student may not use credit by examination to regain eligibility to participate in extracurricular activities.

DANCES/SOCIAL EVENTS

The rules of good conduct and grooming shall be observed for school dances and social events. Guests will be expected to observe the same rules as students attending the events. The person inviting the guest will share responsibility for the conduct of the guest. A student attending a dance or social event may be asked to sign out when leaving before the end of the activity. Anyone leaving before the official end of the activity will not be readmitted.

Student eligibility for participation in these activities, National Honor Society notwithstanding, will be established by the instructor or advisor of the activity but will not exceed the eligibility requirements for participation in sports-related activities. Student eligibility criteria will be reviewed and enforced by a joint effort of the administration, teachers, coaches and parents.

DANCES

Dances are for Union High School students only unless the principal has signed a "guest pass" prior to the day of the dance. Grades 7 and 8 shall not attend dances for grades 9-12. The reverse is also true. Dances will be scheduled on a first-come basis. Junior High dances are scheduled from 7 to 10 PM and High School dances are scheduled from 8 to 11 PM except for Homecoming, Snowball and Prom. Other dance information is in the Student Council handbook.

DISCIPLINE/DUE PROCESS

A student who violates the Student Code of Conduct shall be subject to disciplinary action.

Discipline in the Union School District #5 is based upon a philosophy designed to produce behavioral changes that will enable students to develop the self-discipline necessary to function successfully in their educational and social environments.

The major objectives of the school discipline program are to teach the following fundamental concepts for living:

1. Understanding and respect for individual rights, dignity and safety.
2. Understanding and respect for the law, district policies, procedures, rules and regulations.
3. Understanding of and respect for public and private property rights.

A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administrators.

The district's disciplinary options include using one or more discipline management techniques including counseling by teachers, counselors and administrators, detention, suspension, expulsion, (loss of driving privilege) and loss of rights to apply for driving privileges, loss of privileges, honors and awards and removal to an alternative education program. Disciplinary measures are applied depending on the nature of the offense. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion.

In addition, when a student commits drug, alcohol and/or tobacco-related offenses or any other criminal act, he/she may also be referred to law enforcement officials.

WEDNESDAY DETENTION

Wednesday detention is a program designed to discourage students from skipping or ditching classes during the school day. It is based upon the idea that if a student uses school time to create leisure time, then the student's leisure time will be used to make up school time.

1. An excused absence is an absence due to illness, family emergency, or such absences that are pre-arranged through the office in advance. If not pre-arranged, students must return to school with a signed note from the parents/guardians, or the parents may call the office to notify the school of the nature of the absence.
2. Any other absence will be classified as unexcused.
3. A tardy will be recorded if the student is less than 20 minutes late in arriving to class. The accumulation of Four tardies will result in a Wednesday detention. If the student is in excess of 20 minutes late, an unexcused absence will be recorded and an after school detention assigned.
4. Students, who accumulate one to three unexcused absences from class(es), will be assigned one day of Wednesday Detention.
5. Parents will be notified by phone call or letter that their child has been assigned to Wednesday detention, the date the student has been assigned, and the length of his/her stay. If the absence is early in the week, a letter will be sent; if late in the

week, a phone call will be made. In addition, phone calls home will be made each morning regarding every student absence from first period.

6. Wednesday Detention will be held in various teachers classrooms from 3:40 until 4:30 PM.
7. If a student fails to attend the first detention session, a letter will be sent to the parents notifying them, assigning a In-School Suspension to be served.
8. All detentions must be reconciled by the end of each quarter. Students that have outstanding discipline assignments will be required to complete these assignments on the last day of each quarter.
9. Students are expected to bring homework to Detention and In-School Suspension. It is not just a time to sit, talk, or play. Disruptions of detention will be cause for further discipline.

TARDIES

1. If a student is tardy to class Four (4) times per class per quarter, the student will be assigned one (1) detention.
2. If a student is tardy to class Eight (8) times per class per quarter, the student will be assigned two (2) detentions.
3. If a student is tardy more than Twelve (12) times per class per quarter, a conference with the parent/guardian, the teacher, counselor and principal will be set-up and a discipline plan will be developed.

SUSPENSION

Severe discipline is defined as discipline resulting in at least a three-day suspension and will be determined on a case by case basis.

A student may be suspended from school for up to and including 10 school days for willful violations of the Student Code of Conduct. The district may require a student to attend school during non-school hours as an alternative to suspension.

Students may be suspended for the following reasons:

1. Willful violation of school regulations.
2. Willful behavior which materially and substantially disrupt the rights of others to an education.
3. Willful conduct which endangers the student or other students.
4. Willful conduct which endangers school property.

An opportunity for the student to present his/her view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission and an opportunity to appeal the decision.

Every reasonable and prompt effort will be made to notify the parents of a suspended student.

While under suspension, a student may not attend after school activities and athletic events, be present on district property nor participate in activities directed or sponsored by the district.

Schoolwork missed by a student while on suspension may be made up upon the student's return to school if the work missed reflects achievement over a greater period of time than the length of the suspension. For example, a student will be allowed to make up final, mid-term and unit examinations without an academic penalty or an alternate assignment may be provided at the teacher's discretion.

EXPULSION

A student may be expelled for severe or repeated violations of the Student Code of Conduct.

No student may be expelled without a hearing unless the student's parent or the student, if 18 years of age, waives the right to a hearing, either in writing or by failure to appear at a scheduled hearing. An expulsion shall not extend beyond one calendar year.

The district will provide appropriate expulsion notification including expulsion hearing procedures, student and parent rights and alternative education provisions as required by law. See alternative education programs and alternative education notice in this handbook.

DISCIPLINE OF DISABLED STUDENTS

A student being served by an individual Education Program (IEP) who engages in conduct which warrant suspension for a non-disabled student may be suspended for up to and including ten consecutive school days for violations of the Student Code of Conduct.

When a disabled student is suspended more than once or for more than ten consecutive school days or for more than ten cumulative school days during a school year or is being expelled, the student's parents will be notified immediately (within 24 hours) of the circumstances of the misbehavior and the time and location of the student's multidisciplinary team meeting addressing the infraction and its relationship to the disability.

During the five day period following the multidisciplinary team meeting, a decision will be reached as to whether the misconduct is a manifestation of the student's disability. During this period, an agreed upon alternative placement may be sought. Should the

multidisciplinary team conclude the misconduct has no relationship to the student's disability; the student may be disciplined in the same manner, as would other students.

If the multidisciplinary team concludes the misconduct is a consequence of the student's disability, the team may recommend alternative placement for the student. Such recommendations shall be forthcoming no later than ten days following the student's misconduct. The district may not expel a disabled student or terminate educational services for any behavior, which is a consequence of the disability.

If the district determines that the student's behavior, which is related to his/her disability, poses imminent danger to others and the parent refuses to agree to a change of placement, the district may suspend the student for up to ten consecutive school days or ten cumulative school days, to provide a general planning and "cooling off" period. Under such circumstances the district may obtain a court order to change the student's placement.

DISTRIBUTION OF MATERIAL

All aspects of school-sponsored publications, including web pages, newspapers and/or yearbooks, are completely under the supervision of the teacher and principal. Students may be required to submit such publications to the administration for approval.

Written materials, handbills, photographs, pictures, petitions, films, tapes or other visual or auditory materials may not be sold, circulated or distributed on district property by a student or a non-student without the approval of the administration.

Materials not under the editorial control of the district must be submitted to the principal, or designee, for review and approval before being distributed to students. Materials shall be reviewed based on legitimate educational concerns. Such concerns include whether the material is defamatory; age appropriate to the grade level and/or maturity of the reading audience; poorly written, inadequately researched, biased or prejudiced; not factual; or not free of racial, ethnic, religious or sexual bias. Materials include advertising that is in conflict with public school laws, rules and/or Board policy, deemed inappropriate for students or may be reasonably perceived by the public to bear the sanction or approval of the district.

If the material is not approved within 24 hours of the time that it was submitted, it must be considered disapproved. Disapprovals may be appealed by submitting the disapproved material to the building principal, or designee, material not approved by the building principal within three days is considered disapproved. This disapproval may be appealed to the superintendent. If disapproved by the superintendent, written appeal to the Board at its next regular meeting where the individual shall have a reasonable period of time to present his/her viewpoint.

Official publications are:

1. Yearbook;
2. School Newspaper

Complaints are handled and resolved as close to their origin as possible. Complaints will be referred through the proper administrative channels for solution before investigation or action by the board.

The board advises the public that the proper channeling of complaints involving instruction, discipline or learning materials is as follows:

1. Teacher;
2. Building Principal;
3. Superintendent;
4. Board.

DRESS AND GROOMING

The responsibility for dress and grooming of the student rests primarily with the student and the student's parents.

The district's dress code is established to promote appropriate grooming and hygiene, prevent disruption and avoid safety hazards.

Students who represent the school in a voluntary activity may be required to meet additional dress and grooming standards approved by the appropriate staff member and may be denied the opportunity to participate if those standards are not met.

Students will comply with the following minimum standards:

1. Shoes must be worn at all times (sandals are acceptable);
2. No undergarments visible, this includes men's underwear tank tops and or Muscle shirts

DRILLS – FIRE, EARTHQUAKE, LOCKDOWN AND OTHER EMERGENCY DRILLS

Instruction on fire, earthquake and other dangers and drills for student's grades K-12 shall be conducted for at least 30 minutes each school month.

At least one fire drill will be conducted each month for grades K-12.

At least two drills on earthquakes for students K-12 will be conducted each year.

A map/diagram of the fire escape route to be followed is posted near all classroom doorways and reviewed with students. When the fire alarm is sounded, students must follow the direction of staff quickly, quietly and in an orderly fashion.

DRUG, ALCOHOL AND TOBACCO PREVENTION PROGRAM

The possession, selling and/or use of illegal and harmful drugs, alcohol and tobacco are strictly prohibited. This includes drug possession, selling and/or use at school during the regular school day and/or at any district-related activity, regardless of time or location and while being transported on district-provided transportation. Students in violation of the district's drug, alcohol and tobacco policy will be subject to disciplinary action, up to and including expulsion, and referral to law enforcement officials, as appropriate, in accordance with the Student Code of Conduct.

Since drug, alcohol and tobacco use is illegal for students and interferes with both effective learning and the healthy development of students, the district has a fundamental and ethical obligation to prevent drug, alcohol and tobacco use and to maintain a drug-free educational environment.

An aggressive intervention program to eliminate drug, alcohol and tobacco use has been implemented throughout the district. As part of this program, an age-appropriate drug, alcohol and tobacco prevention curriculum will be taught annually to all students.

The program also includes staff training in district procedures for the identification and referral of students whose behavior is interfering with their potential success socially, emotionally, physiologically and/or legally as a result of illegal drug, alcohol and tobacco use.

The districts drug alcohol and tobacco prevention program will be reviewed and updated annually.

Parents are encouraged to contact the counseling office for information on district and community resources available to assist students in need.

EMERGENCY MEDICAL TREATMENT

A student who becomes ill or is injured at school must notify his/her teacher or another staff member as soon as possible. In the case of a serious illness or injury, the school shall attempt to notify parents according to information provided on emergency forms and submitted by parents to the school. Parents are encouraged to update this information as often as necessary.

If the student is too ill to remain in school, the student will be released to the student's parents or to another person as directed by parents on the student's emergency form.

School staff may administer emergency or minor first aid if possible. The school will contact emergency medical personnel, if necessary, and will attempt to notify the student's parents whenever the student has been transported for treatment.

EMERGENCY SCHOOL CLOSING INFORMATION

In case of hazardous or emergency conditions (fog, snow, ice, etc.) the superintendent may alter district and transportation schedules, as are appropriate to the particular condition. Such alterations include closure of all schools, closure of selected schools or grade levels, delayed openings of schools and early dismissal of students.

Radio station KCMB will be asked to make school closure announcements as soon as they receive such notice from the School District.

EXTRACURRICULAR ACTIVITIES

All students, regardless of their ability levels are encouraged to take part in extracurricular activities and the many worthwhile learning experiences that involvement in student government, student clubs, organizations, athletics and other activities has to offer.

FIELD TRIPS

Field trips may be scheduled for educational, cultural or extracurricular purposes. All students are considered to be "in school" while participating in district-sponsored field trips. These means students are subject to the school's student conduct rules, applicable Board policy and such other rules as may be deemed appropriate by the field trip supervisor.

FLAG SALUTE

Students will be provided an opportunity to salute the United States flag at least weekly by reciting *The Pledge of Allegiance*.

FUND RAISING

2. Repeated unexcused absences shall be cause for loss of eligibility for a period of one calendar week per absence.
3. Use of Tobacco, Alcohol or Drugs: The Board recognizes that tobacco use creates a health hazard for non-users as well as users. The Board also recognizes that the use of alcohol and/or illicit drugs keeps students from reaching heir full potential. In order to protect the health of students, staff and the general public, provide a healthy work environment and promote good health for students, the superintendent is directed to implement this policy under the following conditions:
 1. Tobacco use shall be prohibited in all district buildings, vehicles and property;

Violation of this regulation may result in a suspension of one week, or the student may return to school when they have participated in an assessment and entered into a counseling/education program approved by the school district. The student, or the student's family, will be responsible for the cost of the counseling/education program. The student will be required to submit to drug testing at the expense of the student, or the student's family. Violation of this regulation and violations occurring at times other than during school hours or school activities on school property may be referred to the

proper law enforcement agencies. Repeated violation of this regulation may result in expulsion. Parents will be notified.

EXTRACURRICULAR POLICY-TOBACCO, ALCOHOL AND/OR DRUGS

The school board, administrators, and teachers of Union High School, concerned with the health habits of the students of this community, are convinced that extracurricular activities and the use of the following substances are not compatible.

Students who participate in extracurricular activities will follow a set of substance abuse rules, which the school board believes to be fair. It is a fact that the use of tobacco, use of alcohol, and drug abuses are harmful to the development of human growth. You cannot compromise extracurricular activities with substance abuses.

Use of Tobacco-Research emphasizes that the use of tobacco is physically harmful. There will be no use of tobacco all school year.*

Use of Alcoholic Beverages-There is no way to justify students using alcoholic beverages, even though social pressure may be hard to resist. There will be no use of alcoholic beverages all school year.*

Drug Use-Drug abuse is the consumption of any chemical substance, or the smoking of plant derivatives for the purpose of mood modification. Again, there will be no drug abuse all school year.

*(For those activities that are school sanctioned and occur during the summer, this policy will remain in place.)

Consequences for rules violation

1st Offense-The student shall be suspended for a time period determined by the principal and the activity supervisor. Before he/she can become a member of the organization again, he/she must complete a counseling program set up by the school district. The student will be required to submit to drug testing at the expense of the student, or the student's family. A drug-testing schedule will be arranged for the student by the principal prior to the student's return to the activity. Drug testing will meet school policy standards.

2nd Offense-Expulsion from the Union High School extracurricular program for the rest of the year, or into the next school year if deemed appropriate by the principal. The student must have completed, or be actively participating in, an appropriate rehabilitation program and/or a counseling program set up by the school district prior to participation in

future extracurricular activities. The student will be subject to random drug testing at the expense of either the student, or the student's family.

*(Drug testing standards will be addressed at a later date.)

** (Students in violation of extracurricular policy will also be subject to district policy for the misuse of a controlled substance.)

*** (Convictions for criminal behavior, arrests, and/or citations during the summer may be cause for the implementation of this policy during the fall.)

ATHLETIC POLICY

The school board, administrators, teachers, and coaches of Union High School, concerned with the health habits of the students of this community, are convinced that athletic activities and the use of the following substances are not compatible.

Students who participate in athletic activities will follow a set of substance abuse rules, which the school board believed to be fair. It is a fact that the use of tobacco, use of alcohol, and drug abuses are harmful to the development of human growth. You cannot compromise athletic activities with substance abuses.

Use of Tobacco-Research emphasizes that the use of tobacco is physically harmful. There will be no use of tobacco all school year, not just during the season.

Use of Alcoholic Beverages-There is no way to justify athletes using alcoholic beverages, even though social pressure may be hard to resist. There will be no use of alcoholic beverages all school year, not just during the season.

Drug Use-Drug abuse is the consumption of any chemical substance, or the smoking of plant derivatives for the purpose of mood modification. Again, there will be no drug abuse all school year, not just during the season.

*(For those activities that are school sanctioned and occur during the summer, this policy will remain in effect.)

CONSEQUENCES FOR TRAINING RULE VIOLATIONS:

1st Offense-The student-athlete shall be suspended for a time period equivalent to one-third of the current, or next, athletic season in which the student is participating. If there is less than one-third of a season left, the penalty will carry over into the next activity in which the student is involved. The student will be allowed to practice during this time, but will not be allowed to travel with the team to athletic contests. Before he/she can become a member of the organization or team again, he/she must complete a counseling program set up by the school district. The student will be required to submit to drug testing at the expense of the student, or the student's family. Drug testing will happen no

more than once a school week and no less than twice a month for the remainder of the season. Drug testing will meet school policy standards.

2nd Offense-Expulsion from the Union High School athletic program for the rest of the year, or into the next school year if deemed appropriate by the athletic director and principal. The student must have complete, or be actively participating on, an appropriate rehabilitation program and/or a counseling program set up by the school district prior to participation in future athletic activities. The student will be subject to random drug testing at the expense of either the student, or the student's family.

Ejection Rule

Coaches and athletes that are ejected from an OSAA sanctioned event will be personally held responsible for any fines that are incurred to school district.

TRANSPORTATION TO AND FROM CONTESTS

Under unusual circumstances and with the prior approval of the principal following communication with the parents, students may be driven to contests by their parents. They may also ride home with their parents or other responsible adult family member after prior approval and/or written permission has been provided to the principal at school or the coach/supervisor in charge of the activity at the location of the activity.

Failure to secure permission to ride in a family vehicle shall cause ineligibility for a period of one calendar week. A repeat failure to secure permission shall be cause for removal from the team/activity membership.

TRANSPORTATION TO/FROM/ACTIVITIES/CONTESTS

An off-campus contest or activity is an extension of the school program and as such, students from Union High School are under the same code of conduct while on such a trip as when they are on campus.

Students who travel off-campus as representatives of UHS are to insure that their actions and behaviors bring pride to their school. Students should be well dressed and groomed and are to maintain socially appropriate manners.

Any student who is traveling off-campus and is found to be civilly disobedient (shoplifting, drinking, etc.) may be remanded to the local authorities for appropriate action to the civil disobedience. Parents will be responsible for their child at that point.

SENIOR SNEAK

The Union School District Board of Directors has declared that there will be no such thing as a Senior Sneak. If senior students go on what is considered a senior sneak, the seniors will be held accountable for any and all work missed, as well as have violated the attendance policy.

GANGS

The presence of gangs and the violent activities and drug abuse that often accompany gang involvement can cause a substantial disruption of school, district activities and a student's ability to meet curriculum and attendance requirements.

A gang is defined as any group that identifies itself through the use of a name, unique appearance of language, including hand signs, the claiming of geographical territory or the espousing of a distinctive belief system that frequently results in criminal activity.

In its effort to reduce gang involvement, the district encourages students to become involved with district sponsored clubs, organizations and athletics and to discuss with staff and district officials the negative consequences of gang involvement and to seek the assistance of counselors for additional guidance and district and community resources that offer support to students and alternatives to gang involvement.

No student on or about district property or at any district activity shall wear, possess, use, distribute, display or sell any clothing, jewelry, emblem, badge or any other such symbol evidencing gang membership or affiliation.

No student shall use any speech, either verbal or non-verbal (gestures, handshakes, etc.) signifying gang membership or affiliation.

No student shall solicit other students for membership in any gangs nor commit any other illegal act or other violation of district policies.

Students in violation of the district's gang policy will be subject to discipline in accordance with the district's Student Code of Conduct.

GRADE REDUCTION/CREDIT DENIAL

Punctual and regular attendance is essential to the academic success of students. District staff may consider a student's attendance in determining a grade reduction or credit denial, though attendance will not be the sole criterion used. Such decisions will not be based on non-attendance due to religious reasons, a student's disability, or an excused absence, as determined by district policy.

At the beginning of each school year or course, teachers will inform students and parents how attendance and class participation are related to the instructional goals of the subject or course.

Due process will be provided to any student whose grade is reduced or credit denied for attendance rather than academic reasons.

PASS/NO-PASS GRADING OPTION

Students in grades 9-12 may use the "pass/no-pass" option for any class, which is not being used to satisfy a State, or District required course. The following guidelines will be used:

1. All Teacher/Office Aide courses shall be taken as P/NP;
2. Only elective credit courses or any class, which is not being used to satisfy a State, or District required course may be taken using the P/NP option;
3. This option may be used for only one course per year. Unused P/NP options will not be carried over to subsequent years;
4. A “P” will not be calculated as a letter grade (rather an average of the other six grades will be used). However, a “NP” will be construed as an “F” for purposes of co-curricular eligibility.

INCOMPLETE GRADES

If a student receives an incomplete on a Progress Report or Report Card, they will have two weeks to complete the necessary assignments to remove the incomplete or the grade will be tabulated as an “F” on the Progress Report or Report Card.

WORK EXPERIENCE

Students with appropriate arrangements may be released from classes for off-campus work activities. Those students are not to be on campus during such release time. Disciplinary actions will be taken for loitering on campus during designated release periods.

GRADUATION EXERCISES

Students who have not met the requirements for a regular or modified high school diploma will not be permitted to take part in the district’s graduation exercises.

Students may be released with graduation status at the end of the second quarter of their senior year if all State and Union School District #5 requirements have been met. Early graduation requires prior approval of the parents, counselor and principal. Diplomas will be issued at the regular graduation exercise.

To be considered as valedictorian or salutatorian a student must have the highest and second highest grade point average at the end of the seventh semester plus at least four of the following:

WR 121/122
AP English / English 104
Chemistry (OIT)
Advanced Math
Foreign Language

If more than one student meets all of the above criteria, the determination will be made based on the highest combined math and English score on the Scholastic Aptitude Test.

HOMEWORK

Homework is assigned to provide students an opportunity to practice independently what has been presented in class, to improve the learning processes, to aid in the mastery of skills and to create and stimulate interest.

Whatever the task, the experience is intended to be complimentary to the classroom process.

TUTORING

Home or hospital instruction may be arranged to any student with health impairment which, in the opinion of a licensed medical examiner, will cause him/her to be absent from school for more than two consecutive weeks and who school personnel determine can educationally benefit from such a program.

IMMUNIZATION

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical or religious reasons, the student should not be immunized. Proof of immunization may be personal records from a licensed physician or public health clinic.

Any student not in compliance with Oregon statutes and rules related to immunization may be excluded from school until such time as he/she has met immunization requirements. Parents will be notified of the reason for the exclusion. A hearing will be afforded upon request.

INFECTION CONTROL/HIV, HBV* AND AIDS

Although HIV, AIDS and HBV are serious illnesses, the risk of contracting the disease in school is extremely low and generally limited to situations where non-intact skin or mouth, eye or other mucous membranes would be exposed to blood or any body fluids contaminated with blood from an infected person.

Since any such risk is serious, however, the district requires that staff and students approach infection control using standard precautions. That is, each student and staff member is to assume all direct contact with human blood and body fluids is regarded as known to be infectious for HIV, AIDS, HBV and/or other infectious diseases.

INFECTION/DISEASE INSTRUCTION

An age-appropriate plan of instruction about infections/diseases including AIDS, HIV and HBV has been included as an integral part of the district's health curriculum. Any parent may request that his/her student be excused from that portion of the instructional program required by Oregon law by contacting the principal for additional information and procedures.

HIV, HVB, AIDS – STUDENTS

As a general rule, a student infected with HIV or HBV, six years or older, and who does not present special risks to others in the educational setting (e.g., an ongoing history of biting others) is entitled to remain in a regular classroom setting and be eligible for all rights, privileges, and services as provided by law and Board policy. The district recognizes that a student (parent) has no obligation to report an HIV or HBV condition diagnosis to the district.

If the district is informed, law also prohibits the district from releasing information unless the infected person or parent gives permission for such release.

If a student (parent) wishes to divulge such information and continues attending school, the district will meet with the infected individual or representative to develop appropriate procedures.

Students who present a special risk to others in an educational setting and who are infected with HIV, as well as students with AIDS, are required to notify the superintendent for continued educational services. Failure to do so will result in an order by the Oregon Health Division or local health department excluding the student from school or the parent may voluntarily withdraw the student from school. Students and parents will be notified of alternative education programs.

Individuals with questions regarding these requirements of law or district procedures should contact the superintendent.

If custody or arrest is involved, the principal will request that all procedural safeguards prescribed by law be observed by law enforcement officials.

It is each student's responsibility to show respect for all school property. Any student who willfully damages or defaces school property will be disciplined and charged restitution for costs related to his/her acts.

The medication must be in its original container and the container label must clearly show the students and physician's name and instructions.

Over the counter medication must be accompanied by the parent's and physicians written instructions and kept in its original container.

All such decisions will be based on the appropriateness of the student to self-medicate, the safety of other students, the student's age, type of medication and amount of medication the student may possess and advice of the school nurse as necessary. Self-administration of any controlled substance as defined by law and as may be prescribed by a physician may be permitted only upon written request from the parent. District officials will either give the medicine at the proper times or give the student permission to take the medication as directed.

PARENTAL INVOLVEMENT

Education succeeds best when there is a strong partnership between home and school. As a partnership thrives on communication, the district asks parents to:

1. Encourage their student to put a high priority on their education and to commit him or herself to making the most of the educational opportunities the district provides.
2. Keep informed on district activities and issues. "Open House" night in the fall and parent/booster club meetings provide opportunities for learning more about the district.
3. Become a district volunteer. For further information contact the principal.

4. Participate in district parent organizations. The activities are varied, ranging from graduation activities to the building's site council, with its emphasis on instructional improvement.

It is the responsibility of the parent with sole custody to provide any court order that curtails the rights of the non-custodial parent at the time of enrollment or any other time a court order is issued. A parent with sole custody shall be requested to provide the district with written instructions regarding particular rights or privileges granted to the non-custodial parent.

POSTERS

The principal or designee must first approve signs, banners or posters that a student wishes to display. Signs, banners or posters displayed without authorization will be removed. An alternative program or learning activity for credit may be provided. All such requests should be directed to the principal by the parent in writing and include the reason for the request.

Alternative learning opportunity is defined as offering students a choice of experiences, knowledge or skill acquired by instruction or study that is suitable for a particular occurrence, situation or circumstance where necessary and reasonable.

PROMOTION, RETENTION AND PLACEMENT OF STUDENTS

A student shall be promoted from one grade to the next on the basis of academic, social and emotional development.

Exceptions may be made when, in the judgement of the professional staff, such exceptions are in the best educational interest of the student involved.

A decision to retain a student will be made only after prior notification and explanation to the student's parents. The final decision shall be made jointly by the principal and the parents.

When parent and school affiliates cannot agree on the movement of a child to a higher level, the parents' request will be honored provided the parents release the district in writing from legal responsibility for child's success in the future educational efforts.

Students in grades 9-12 will be promoted or retained in accordance with state and district graduation requirements.

GRADE CLASSIFICATION

After the ninth grade, students are classified according to the number of units earned toward graduation.

18	12 (Senior)

RELEASE OF STUDENTS FROM SCHOOL

A Student shall not be released from school at times other than regular dismissal hours except with the principal's permission or according to school sign-out procedures. The teacher will determine that permission has been granted before allowing the student to leave. A student will not be released to any person without the approval of his/her parent or as otherwise provided by law.

Students may be released from school to engage in private instruction with the approval of the superintendent, provided that the student's parent assumes all responsibility for transportation and all liability during the student's absence from school.

REPORTS TO STUDENTS AND PARENT

Written reports of student grades, progress reports and absences shall be issued to parents at least four times a year. Letter grades will be used. District officials may search the student and his/her personal property when there is reasonable suspicion to believe a student is concealing evidence of an illegal act, violation of the Student Code of Conduct or district policy. Illegal items (weapons, alcohol and unlawful drugs, etc.) or other possessions determined to be a threat to the safety or security of others may be seized by district officials.

Items, which may be used to disrupt or interfere with the educational process, may be temporarily removed from a student's possession or forfeited in accordance with law.

A general search of district facilities and properties including, but not limited to, lockers or desks may occur at any time. Items belonging to the district, which are unlawful or are in violation of district policy may be seized. STUDENT/PARENT COMPLAINTS

A student or parent who has a complaint concerning a classroom/teacher issue should first bring the matter to the appropriate teacher. If the outcome is not satisfactory, a conference with the principal can be requested. If the outcome of this conference is not satisfactory, the student or parent may file a written, signed complaint to the Board, in care of the superintendent, and appear before the Board, in accordance with Board policy.

The Union School District #5 Board recognizes the necessity for each school to develop and maintain an orderly procedure for resolving student complaints. The building principal shall involve staff and students in establishing procedures, which fairly and quickly resolve student complaints. Procedures established should allow for:

1. Informal conferences between the parties concerned.
2. Written appeal to the building principal for a hearing when step one (1) does not resolve the problem.
3. Written appeal to the Superintendent, requesting a hearing when step two (2) does not resolve the problem.

4. Written appeal to the Board, requesting a hearing when step three (3) does not solve the problem.

It is the purpose of appeals and hearings to provide access to appropriate school officials when an informal conference cannot resolve the problem. It is not the purpose of appeals and hearing to provide a forum through which non-related issues are conveyed. It is recommended that as many student problems as possible be handled through informal conferences.

Whenever a complaint about personnel is made directly to the Board as a whole or to a Board member as an individual, it will be referred to administration for study and possible solution.

COMPLAINTS:

The complainant should first discuss the nature of the alleged violation with the individual involved. If the complainant wishes to pursue the matter further, he/she will be provided upon request a copy of all applicable district procedures.

The building administrator will be available to assist in the completion of such forms as requested. All "Reconsideration Request Forms" must be signed by the complainant and filed with the superintendent.

A reconsideration committee, comprised in accordance with Board policy, will review the material and forward a recommendation to the superintendent for appropriate action

ALMA MATER

Union High, Union High
Alma Mater of mine;
With your memories of school days,
Memories, so fine.

We may each go our way,
But we'll come back some day.
It's never good-bye
To our old Union High

Win the game, win the fame,
Hold our colors on high,
And our loyalty to you
Never will die.

Union High, Union High,
Sing our praise to the sky.
Alma Mater, we love you!

Old Union High
